Comments: SO-26 Student gave the impression of being able to do much better but lacked the interest to do so. Showed poor discipline and might be a trouble-maker in the field. Not too friendly and even tended to be antagonistic at times.

Draft of Narrative for Granting of Award to:

1st Lieutenant Lucien E. Consin, Inf, O-1322769.

Lieutenant Consin coming from Algiers parachuted into France 16 August 1944 as a member of the Jedburgh Team MARK, assigned to arm and assist the Maquis in the Gers Department, in guerrilla warfare against German garrisons and convoys.

On 19 August in its first participation in a Maquis attack on a convoy at Isle Jourdain the Team captured seven prisoners.

Shortly afterwards with the general evacuation by the Germans of southwestern France the work of the Team became largely that of intelligence and liaison including trips to the Spanish border to Agen and to Marseilles. The most important work, however, was done in the area of Royan where in conjunction with other Jedburgh Teams this Team worked to piece together the detailed plan of the German defenses. Arrangements also were made to pass on intelligence to a squadron of French planes that made twelve successful attacks on Royan.

 Period of service with OSS, from 6/43 to _____ Service in the Theater, from 11/43 to _____
 Assignment (S.W.S.) _____ Date of arrival in USA 1/45 Date of this interview 24 Jan. 45

Positions & Missions in Theater: Special Operations. Parachuted behind enemy lines.
 His mission consisted of organizing, training and leading French Resistance Groups and providing liaison for these groups.

Appraisals in theater: Completed mission in superior manner. Superior: Motivation, Practical Intelligence, Stability, Leadership, Physical Ability. Excellent: Ability to Work with Others. (Major Cox))

Recommendations in theater: Further use in OSS: operational duty in the Far East. (Major Cox)

Attitude towards OSS: Favorable. Complains that it is difficult to find out what the organization wants a man to do; also complains that OSS overlaps function with too many other organizations.

Desires as to future assignment: Operational duty in the Far East.

Evaluation: A voluble, energetic young man of French ancestry. He is a man of action - chiefly of independent action. Impetuous and sometimes rash, but dynamic and capable of inspiring men to follow his orders. He is resourceful in the field and a good organizer. High war motivation - he enjoys fighting. Practical intelligence superior. Social relations friendly and informal - he is an excellent conversationalist. His emotional stability is good in that he is likely to stand up well under stress. He lived away from his parents most of his life, though, and consequently was poorly disciplined and often reckless. This characteristic lack of conservatism continues, which makes him somewhat unreliable. Judgment not always good. Got involved in political matters in France somewhat beyond his depth.

Recommendation: Continuation with OSS: suitable for SO or OG operational duty in the Far East.

Re: Capt. Lucien E. Couderc.
I know something about this man,
and am, therefore, skeptical about the
merits of his sudden release by SO
on the West Coast. His record has been
good, and you will note that Murray
recommends him for the F. E.
If we bring him back from the coast
to the pool here, we shall probably
end up by assigning him to some
other F. E. job and shipping him
out that way again. UNCLASSIFIED
Date 25 April 1977

Two suggestions: (a) Investigate
the situation through SO here and make
sure they know what they're doing; or,
(b) Accept his transfer to the pool
and let help use him at San
Francisco in order to get a slant on
him - What do you think? RRB

1. Upon investigation, this appears
to be a case of almost ludicrously
incompetent and stupid handling.
2. Think it should be looked into
and the Branch called up on the
carpet.
3. Not much sense in PPB breaking
its neck to recruit if Branches are
going to dispose of men of proven
worth in this manner. UNCLASSIFIED
Date 25 April 1977
P.S. After writing previous note, here to
attached, I learned that subject was
already back at "F," and I talked to
him this morning. It's an ill wind that
blows nobody any good. At least he
picked up #296 on the coast and back!

HEADQUARTERS
CHINESE COMBAT COMMAND (PROV)
FORWARD ECHELON
UNITED STATES FORCES
CHINA THEATER

AFO 290
23 September 1945

SUBJECT: Commendation.

TO : Strategic Services Officer, OSS.

1. It is especially desired to commend the OSS units that were attached to or served in conjunction with this headquarters and those Chinese Armies and groups whose operations were coordinated through this headquarters with the Chinese Supreme Headquarters.

2. The varied and unusual type of duty performed by these units made their performance of duty most difficult. In spite of the belief of many foreigners, based upon ordinary news reports that the Chinese were finished guerilla fighters of long experience in such operations against the Japanese, there was actually little of this type of combat that had been carried on effectively for the past two years.

3. The arrival of aggressive and competent groups of officers, many with prior commando service in the European Theater, provided a great impetus to the Chinese. These young officers, with little or no prior service in China, were able to obtain the confidence of the Chinese entirely because of their military efficiency and ability to teach and produce results and to fight alongside of the Chinese in their units. The commando units overcame many difficulties and produced outstanding results during their service in China.

4. This headquarters has coordinated most of its work with these units through Colonel William R. Peers, Colonel William P. Davis, and Lt. Colonel Alfred T. Cox. All three of these officers have proven to be especially competent, cooperative, and outstanding for common sense and judgement. Because of their efforts, many of the difficulties which are inherent in coordinating military operations which are removed from the channel of military command have never even arisen.

By General Orders Number 191, Headquarters China Theater, 20 October 1945, the Bronze Star Medal was awarded to:

C I T A T I O N

CAPTAIN LUCIEN E CONEIN, 01322769, Infantry, Army of the United States is awarded the Bronze Star Medal for meritorious service during the period 1 August 1945 to the cessation of hostilities on 15 August 1945, when he commanded a commando team composed of American, French and Chinese personnel with the mission of gathering intelligence and harassing the enemy in French Indo-China. Captain Conein was responsible for the selecting, training and organizing of this team as well as the planning of the attacks on Japanese headquarters and garrisons of French Indo China, and the successful execution of the mission. Captain Conein in planning the mission made, seven days prior to the operation, a reconnaissance of the route to be taken by his team through territory heavily covered by Japanese patrols and garrisons. The intelligence which he gathered on this reconnaissance was of inestimable value to the success of the mission and in the minimizing of casualties in his forces. When he was threatened by attack from Japanese forces and advised to abandon this area by local military commanders, he chose to remain and defend his position against advancing columns of Japanese coming from the north and west. His achievements reflect great credit upon himself and the Armed Forces of the United States.

LUCIEN R. CONNIN, 01 322 769, Captain, Infantry, Army of the United States, is awarded the BRONZE STAR MEDAL for meritorious service during the period 1 August 1945 to the cessation of hostilities on 15 August 1945, when he commanded a commando team composed of American, French and Chinese personnel with the mission of gathering intelligence and harassing the enemy in French Indo-China. When he was threatened by attack from Japanese forces and advised to abandon this area by local military commanders, he chose to remain and defend his position against advancing columns of Japanese coming from the North and West. On 9 July 1945, Captain Connin led his forces in a successful attack against Japanese garrisons and headquarters of the 22nd Japanese Division. After a twenty-three hour forced march through enemy held territory, he successfully attacked the other Japanese garrison and then safely retreated into Chinese territory. These counter-attacks upon the enemy discouraged and disorganized their forces and stopped their advance toward the threatened portion of China. His actions were exemplary and inspired all that served with him, not only his own men, but the local commanders who did not believe that the counter-attack could be successfully accomplished. His achievements reflect great credit upon himself and the Armed Forces of the United States.

subject officer now realizes that the war is over and we are only interested in that type officer personnel who have their feet on the ground. He has demonstrated from time to time since he has been on his present assignment that he can do almost any job asked of him. He has shown imagination, initiative and energy in overcoming obstacles encountered in setting up our two messes and clubs, which are currently operating with maximum efficiency and smoothness.

5. In view of the above, we are retaining subject in his new assignments.

STRATEGIC SERVICES UNIT, WAR DEPARTMENT
MISSION TO GERMANY
U.S. Forces, European Theater
APO 757

19 June 1946

SUBJECT: Captain Lucien Conein

TO: Director, SSU/WD, Washington
Attention: Chief, Personnel Branch

1. Reference is made to AMZON Cable No. 313 and Washington No. 911, above subject.

2. In the overall planning for the reorganization of AMZON and the streamlining of Services personnel (as discussed by Mr. Lewis on his recent trip to Washington), it was decided to combine responsibilities of several Services Branch officers, thus automatically eliminating the position of Mess and Club Officer.

3. Original plans called for the recruitment of two junior officers from the United States, both of whom have indicated they are not interested in the assignment offered. In addition it has become an urgent necessity to immediately assign a junior officer to conducting and liaison duties out of the Office of Chief of Mission. Captain Conein has been assigned to this task in addition to his duties as Mess and Club Officer. The time spent on supervisory control of the messes and clubs has reached the point where it entails a total of only about four or five days per month. These duties are principally accountability both for supply and cash funds connected with the messes and clubs. The duties of the conducting and liaison officer are most peculiar in nature in that no set schedule of duties can be outlined at least with respect to time. There have been individual conducting assignments that involved a minimum of a few hours of a given day and other times such conducting assignment actually lasted two or three or more days. These assignments come up at unusual times and it is imperative that we have available such junior officers to meet all demands made upon us when they actually arise. On the other hand, the essential mess and club duties may be very well "sandwiched in" between the more important duties of the conducting officer.

4. There has been some discussion as to the unreliability of subject officer for reasons unknown to the writer. While it is perhaps true that during the war no one ever took a dim view of free wheeling operations, sufficient time has indicated by daily observation both on duty and in social activities that

WAR DEPARTMENT
OFFICE OF THE ASSISTANT SECRETARY OF WAR
STRATEGIC SERVICES UNIT

25th & E STREETS, N.W.
WASHINGTON 25, D.C.

12 July 1946

SUBJECT: Captain Lucien Conein

TO : Mr. Richard Helms

1. Reference is made to your requisition dated 4 June 1946, requesting a Liaison and Conducting Officer for Amzon. Such request was made by Lieutenant Colonel Kubler, Executive Officer. Further reference is made to correspondence from Colonel Kubler dated 19 June 1946, under which he suggests that Captain Lucien Conein presently assigned as Mess and Club Officer, be detailed to fill the above request.

2. Captain Conein was reassigned to Amzon at the insistence of high echelon War Department authorities. When serving his first tour of duty in ETO, Captain Conein became involved with the daughter of the editor of one of the leading De Gaullist publications. The matter apparently was a serious one for when Captain Conein was returned to the United States, French officials contacted United States Government authorities in Washington, calling to their attention the relationship which had previously existed between Captain Conein and the aforementioned girl. Because of this situation, SSU was directed to return Captain Conein in an innocuous position to ETO for the purposes of settling his personal affairs with the aforementioned girl.

3. The suggestion of Colonel Kubler that Captain Conein be used as Liaison and Conducting Officer has been thoroughly discussed in Personnel Branch and with Security Branch. It is their unanimous opinion that the choice of Captain Conein to fill this requisition would be unwise. Because of his past history of personal relationships with high French officials, and because of the fact that Captain Conein is supposed to occupy an inconspicuous position, it is deemed advisable that he remain in his present position and not be transferred to a position where he might subject the organization to criticism and censure.
